

Winter Wonderland Snowflakes

Featuring: Mission® Heat Pressed Flour Tortillas

DIRECTIONS:

Preheat oven to 400°F. Warm each tortilla in microwave (about 10 seconds). Fold in half and then in half again. Cut with scissors as you would a paper snowflake.

Unfold onto a baking sheet and brush both sides lightly with oil. Bake until crisp (about 5–8 minutes). Place on cooling rack. Sift powdered sugar over the top.
