Nopalitos and Egg Tacos

Serves 6

Ingredients: 1 cup Fresh Cactus Paddles (Nopales) 2 Tbsp. Butter 1 cup Onion , sliced 1/2 cup Tomato , seeded and diced 1 tsp. Jalapeno Pepper , seeded and minced 5 Eggs , beaten with a little milk 12 Mission® 6" White Corn Tortillas (10600) 1/2 cup Queso Fresco , crumbled Chopped Cilantro , for garnishing

Directions:

1. Carefully clean the cactus paddles by running a sharp knife parallel to the surface, removing any of the spines. After they are free from spines, slice into ¼" x 1" strips.

2. Melt the butter in a skillet over medium heat. Sauté the onions until they start to caramelize, about 8 minutes. Add the cactus and sauté for another 5 minutes. Add the tomatoes and jalapeños and cook for another minute.

3. Add the beaten eggs and mix. Cook until the eggs are firm.

4. Using two Mission® corn tortillas per taco, divide the egg mixture into the 6 tacos. Top with a little queso fresco and cilantro and serve.
